

Science holds the key to building resilience for sustainable future. An integrated science-based awareness raising, development planning, policy-making and practices strengthen government and institutional efforts for climate change adaptation and disaster management. It also strengthens the capacities of individuals, communities and societies in understanding hazards, in managing associated risks, and in preparing for potential disasters and extreme events.

Now on its sixth year, the conference aims to further enhance the scientific learning ground and practical exchange platform for sharing expertise, practices, and experiences on climate change and disaster actions that will benefit communities, the government, industries, the academe, and other key sectors involved in nation-building. It is a continuing opportunity to pro-actively open up access to climate and disaster data, information and research findings which can be used for well-informed hazard/and or risk-based development planning, policy-making, and in preparing for and managing future adverse climate change and disaster impacts.

## THE 6TH INTERNATIONAL CONFERENCE ON CLIMATE AND DISASTER RISKS MANAGEMENT 2017

Theme:

### Managing Climate and Disaster Risks for Resilient Communities

27-28 September 2017  
University of the Philippines Los Baños  
College, Los Baños, Laguna,  
Philippines, 4031

### IMPORTANT DATES TO REMEMBER FOR THE 6TH INTERNATIONAL CONFERENCE ON CLIMATE AND DISASTER RISKS MANAGEMENT 2017

<b>February 28</b>	First call for papers, posters and products
<b>March</b>	Second call and submissions
<b>June 30</b>	<b>Extended deadline for the online submission of paper/poster/product abstracts</b>
<b>July</b>	<b>Release of notice for accepted abstracts</b>
<b>July-August</b>	Submission of full papers and/or extended abstracts for accepted abstracts
<b>August</b>	Release of final program and invitations Early registration
<b>August</b>	Final preparations and updates
<b>September 27-28</b>	Conference proper

### CALL FOR SUBMISSION OF ABSTRACTS

**Extended Deadline: June 30, 2017**

Email: [iccdrm2017@gmail.com](mailto:iccdrm2017@gmail.com)

Abstract Format/Template:

<http://ovcre.uplb.edu.ph/>

## GUIDELINES ON ABSTRACT SUBMISSION

- Research/paper presentation must be an original work that has not been published or presented prior to the conference
- Product presentation must be related to climate change adaptation/mitigation and disaster risk reduction and management
- Writing of the abstract must follow the format/template which can be downloaded at <http://ovcre.uplb.edu.ph/>
- Conference secretariat will acknowledge the receipt of submitted abstract and will release notice of acceptance, final program and official invitation via email
- Email your abstract to [iccdrm2017@gmail.com](mailto:iccdrm2017@gmail.com)

## TOPICS/SUB-THEMES FOR PAPER AND POSTER PRESENTATIONS

- Climate and disaster risks management measures/strategies
- General topics on climate change and disaster hazards/risks
- Ecosystem-based CCA and DRRM
- Low emissions/green technologies
