

Online Research Project and Extension Service Data Collection Additional Instructions

1. Click or type this link http://fmo.up.edu.ph/Research_Extension (must be written on the address bar as is) on your browser to begin using the online tool (using the latest version of Chrome, Firefox, Opera and Internet Explorer is recommended)
2. Do not be alarmed if a warning or error message about the security certificate appears. The certificate error means simply the browser does not recognize the website's security "signature" automatically.

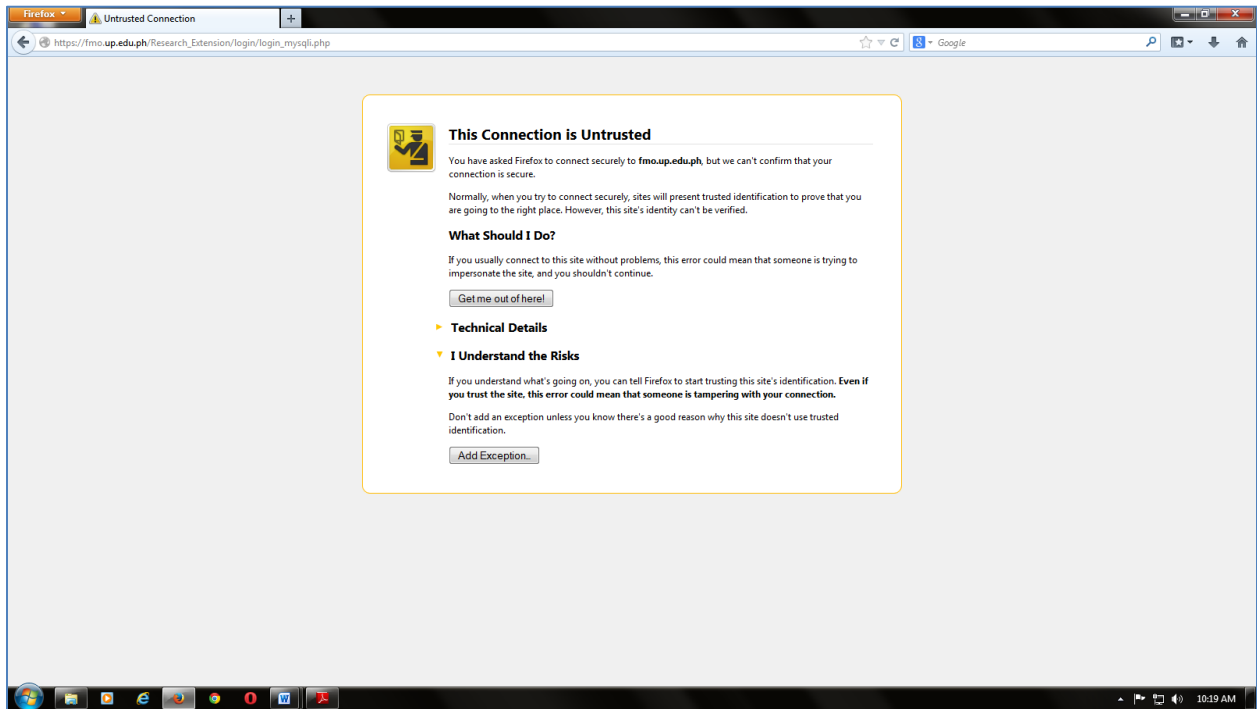

For Chrome click **Proceed anyway** to access the site.

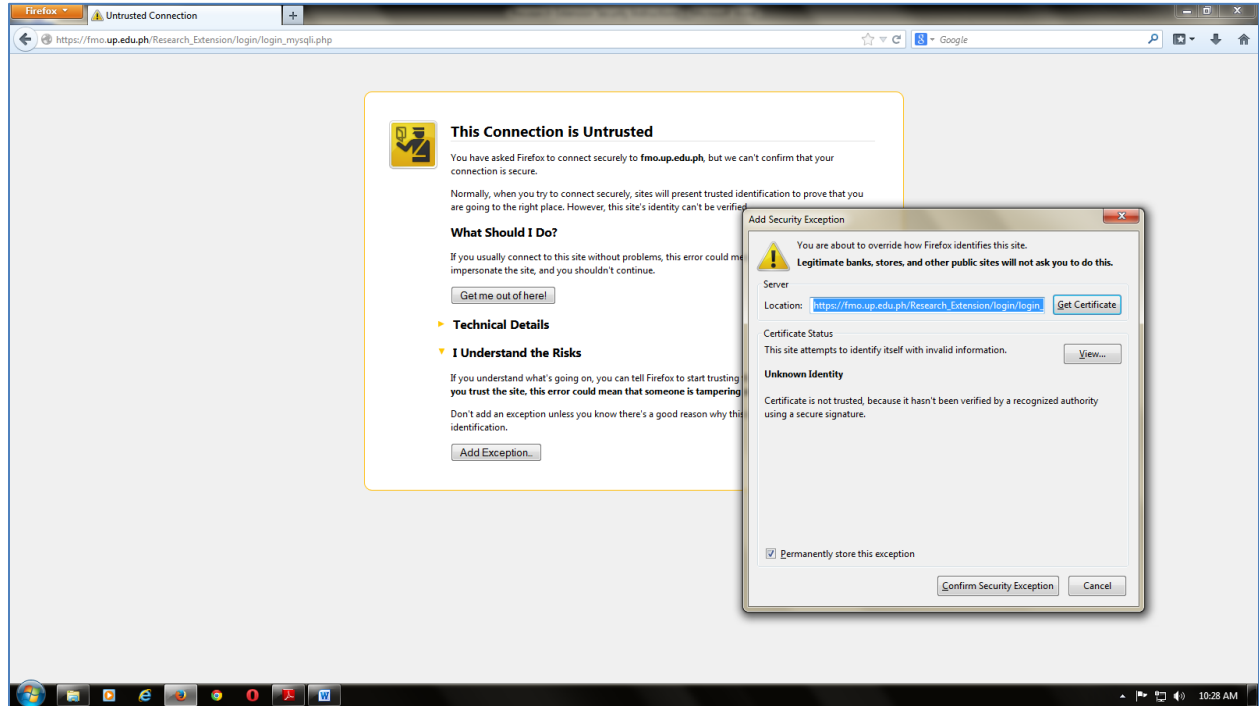

For Firefox click **I understand the risk...**

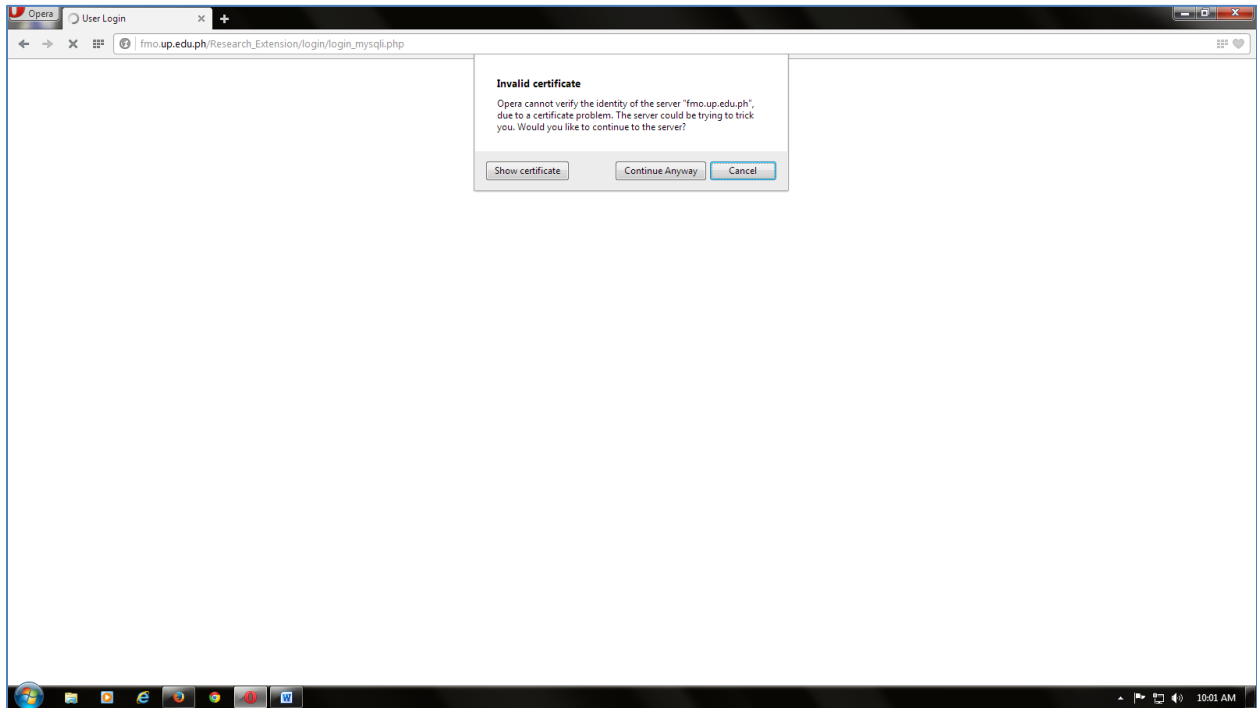

Click **Add Exception...**

And **Confirm Security Exception** to access the site.

For Opera click **Continue Anyway** to access the site.

For Internet Explorer click **Continue to the website** to access the site.
